

To all Western NY Referees, Assessors, Assignors and Instructors:

Western New York is implementing a new online system for registration and instruction with Game Officials. If you have not yet paid for your USSF registration for 2012 (at the ussoccer.info site), please wait. We will be taking registrations at this site.

First thing you will need to do is log in and complete your personal information. There are going to be some issues with usernames and passwords to start, so please be patient.

The website that you will be using is <http://wnyreferees.gameofficials.net>. Put this into your bookmarks, as this will be your main site for registration and training services.

If you are already registered with a Game Officials site (pro list assigning, assessments, etc.), your username and password are PROBABLY NOT the same for this site. Suffice it to say that the company hopes to have all of those sites merged in the coming months, but for the immediate future you will probably have to log in to different sites.

Having said that, everyone please go to the above website, where you will see a space for username and password. This is where your patience will come into play. Please try options in the following order:

1. Use the username and password that you used with ussoccer.info for registrations in the past. If you have forgotten those, your DRA can provide them.
2. If that doesn't work, try username and password for other Game Officials account(s) you may have.
3. If still failing, click on the "forgot username" link and enter your e-mail. If it finds you, your username will be emailed to you. Once you have your username, if you still don't know your password, click on the "forgot password" link and you will be allowed to reset your password.
4. If all of these efforts fail (and ONLY after trying all these please!), send an e-mail to sdi@wnyreferee.org with the subject, "Can't log in." All you need to put in the body of the e-mail is the first and last name of the person trying to log in.

Once you have successfully logged in, you may be asked to change your password. When you are finished, you will be taken to your home page. (Note that near the upper right corner of the page there are options to Change Username and Change Password. You can use these options any time you wish.)

Under "Main Menu" on the left, click on "My Info" and fill in your contact information. Your USSF ID Number should already show up. If it is not correct, please send an e-mail to sdi@wnyreferee.org and we will fix it.

Once you've entered your contact information, Click "SAVE (Modify User)" at the bottom of the page.

As with any change, there will be issues along the way. Please be patient while we adapt to this change. Detailed instructions on using the system will be posted at the WNY website - www.WNYReferee.org and click on the "Referees" tab at the top of the page.

Thanks for your patience and cooperation!
